

Project Lift Leadership 360

Target: Leaders at All Levels and identified via local process

Step 1: Participant registers with Project Lift app

Step 2: Participant completes SAQ

Step 3: Participant identified and receives recommendation through local process

Step 4: Coordinator allocates 360 to participant and assigns facilitator

Step 5: Participant books 360 conversation with facilitator

Step 6: Participant invites managers, peers, direct reports and others to complete 360 questionnaire

Step 7: Participant completes their section of 360 questionnaire. Participant can complete in-app reflective questions in preparation for session at this point

Step 8: 360 conversation takes place between participant and facilitator, including completion of 'in-app' reflective questions.
(duration 2 hours)

Step 9: Facilitator signs off the 360 report, making it available for the participant to download

Step 10: Evaluation invite is automatically generated for participant
